*Italian design looks forward*

COMPANY PROFILE

**CONTEMPORARY DESIGN  
MEETS ITALIAN CRAFTSMANSHIP  
FOR A TECHNOLOGICAL  
AND ESTHETIC TRIUMPH.**

**EACH PIECE HAS ITS OWN PEDIGREE,  
RESULTING IN UNIQUE MASTERPIECES.  
REDEFINING THE BOUNDARIES  
BETWEEN ART AND DESIGN.**

TECKELL IS A B.LAB ITALIA BRAND.  
UNIQUE WORKS THAT REDEFINE  
THE BOUNDARIES BETWEEN ART AND DESIGN.

Gianfranco Barban had the vision of creating a new type of **artisans' workshop**. In 2002, he opened **B.Lab Italia**, a multicultural workshop where experimentation is the *modus operandi* for **breaking new ground in the world of design**. The workshop's capabilities are enhanced due to the technological and industrial expertise available in the region and the natural surroundings' transformative powers. This creative climate inspires independent thinking and a stream of ideas for new ways to use materials and objects.

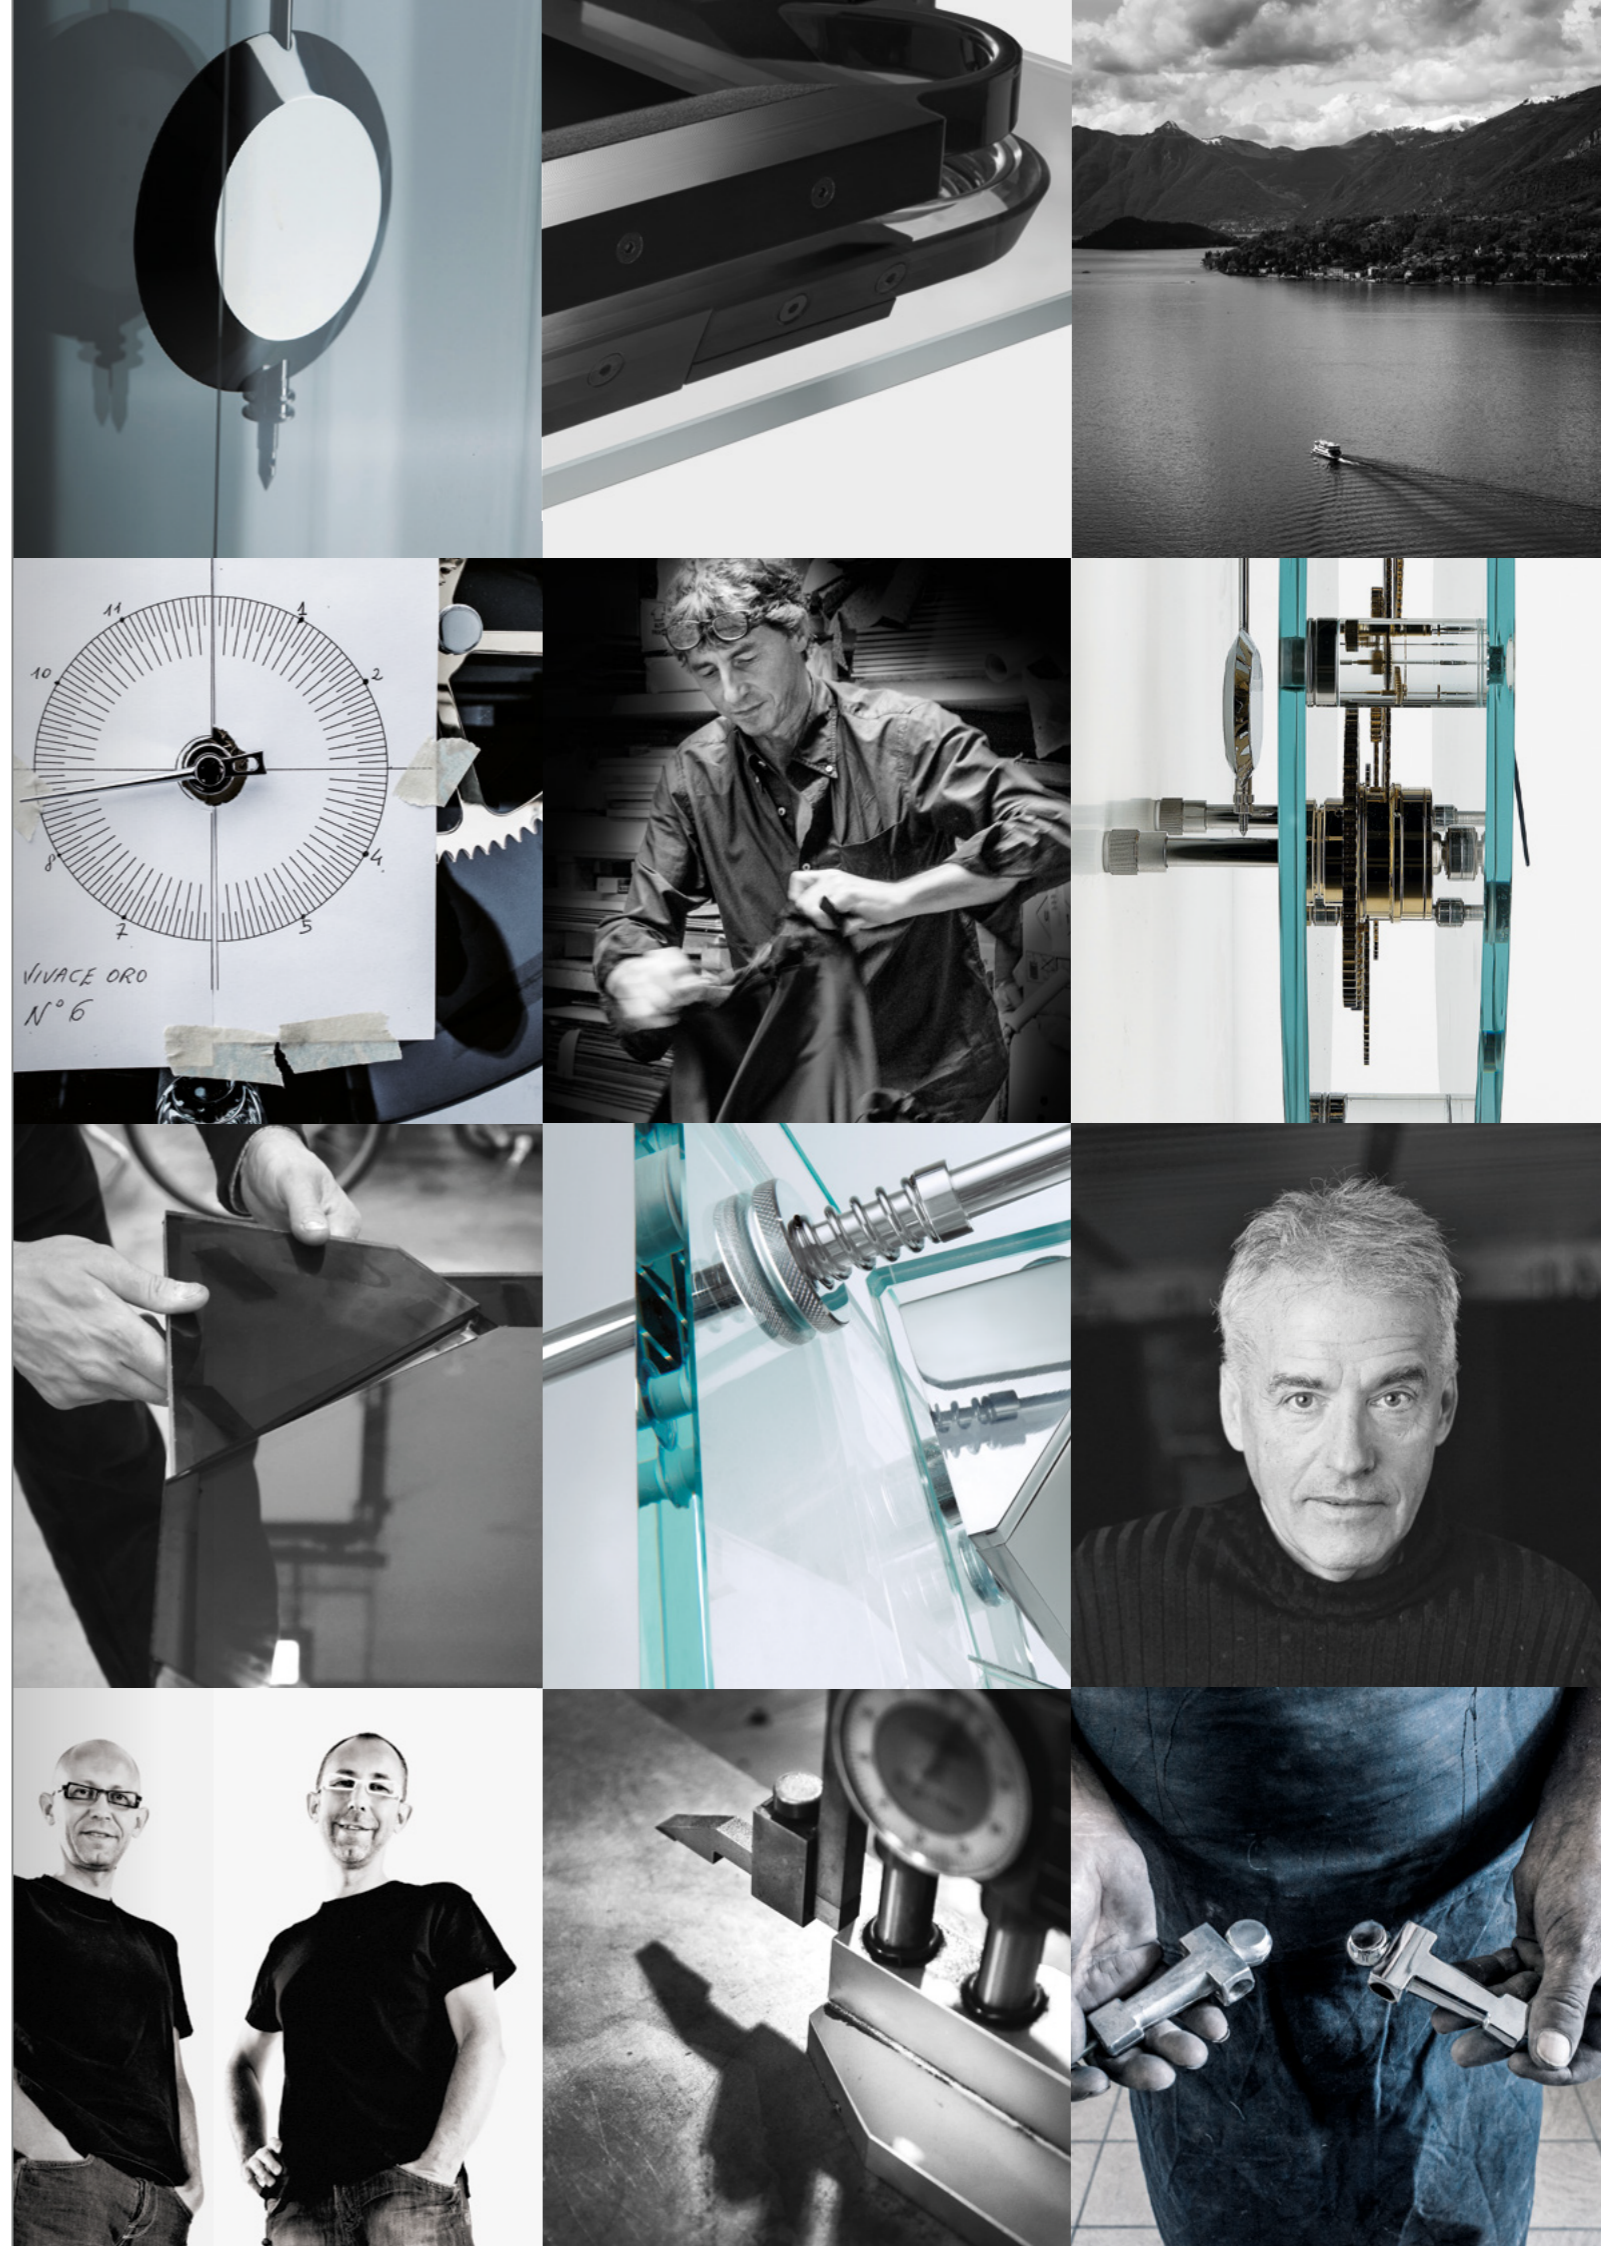

**B.Lab** is a setting for **research and experimentation**. The studio is a vibrant example of the **Italian creative tradition** in which people, skills, ideas, dreams and projects unite to invent. This is how B.Lab has grown over time. The lab has collaborated with a wide variety of professionals and, since its earliest days, dared to take on seemingly impossible projects that have the potential to revolutionize a product.

**B.lab brands and products** blend together innovativeness and good taste, precise engineering and artistry, have a strong tie to the culture of the Italian land and benefit from a truly extraordinary personal, human touch. There is a sort of creative twist that gives B.lab brands and products an added value.

This is what we call **Made in Italy**. It means knowledge handed down through generations, bringing to the world a human and cultural value made of tradition, creativity and quality. **B.lab** wants to boost Italian craftsmanship that embraces refined techniques, passion for materials, but also vision of the future in order to make the talent of the hand-crafted tradition always moving through time.

This approach has resulted in the creation of **B.Surface**, interactive tabletops and floor coverings featuring moving colored liquids that create an incredible visual effect. Another achievement is **Impact**, a material formed from shattered crystal panes.

From this foundation, the brand **Teckell** has come to light. Teckell symbolizes B.Lab's fierce determination to explore the **unexpected and emotional aspects of design**. It epitomizes the workshop's devotion to design and passion for **Italy's unrivaled craftsmanship**.
